

ATTACKMASTER **QVR**
GLOBAL ARFF SERVICES

877-912-9991 www.GlobalARFF.com

NFPA 414 compliant. Meets FAA and ICAO standards.

The *Attackmaster QVR (Quick Response Vehicle)* is designed for rapid response to airport emergencies and fire incidents. The QVR is built on a severe-duty, off-road capable chassis and suspension in either 4x4 or 6x6 configurations. We offer five severe-duty chassis options and four custom body models; backed by 10-year body warranty. Let Global ARFF Services design and build your custom QVR with the equipment you need.
