

CRU-22 CRITICAL RESPONSE UNIT

INTELLIGENT RAPID DEPLOYMENT FOR CRITICAL INCIDENT RESPONSE.

A robust, high-performing communications unit for drone missions, active shooter response, hostage negotiations, crime scene investigations, HAZMAT incidents, and weather crises. The Pierce® CRU-22 integrates the latest emergency response communications packages on a rugged Ford Transit T350 High Roof Extended chassis.

The CRU-22 is equipped with a 3.7L Ti-VCT V6 engine and powered by the award-winning, 8kW patented Frontline VIP™ power system with 12V and 120V power. Standard features include an under 10,000 lb. GVWR package, 6'5" interior headroom, high-capacity HVAC, workstation/communication consoles, custom aluminum slideout shelves, and an emergency lighting package.

Easy to use. Rapidly responsive. Mission critical.
