## FleetMax - Type III

The **FleetMax** is a *top product choice* for its balance of *patient compartment room* and *equipment storage space*.

Readily available parts and a robust service network to keep you on the road.

## Safe • Best Value • Flexible

The FleetMax is an economic mid-sized ambulance with a flexible and efficient workspace. The cab has increased room for medic comfort, emergency controls, monitor mounts, camera and intercom systems. Enhanced safety with protective padding on corners and above doors. Patient compartment steps are integrated inside the vehicle to reduce chance of injury when entering and exiting. The 40/60 split exterior door design increases patient privacy.

## Custom Designs with the options you want

-  CMVSS & FMVSS compliance seating options
-  Emergency lights - exterior & interior options
-  Driver intention & shoreline indicator lights
-  Camera & monitor systems
-  ACETECH Integrated Vehicle Intelligence solution
-  Versatile equipment storage solutions on interior & exterior
-  Siren & air horns - optimal traffic clearance
-  Combination outlets & O<sub>2</sub> port locations
-  Backup sensors
-  Suspension systems to improve ride quality & lower stretcher lift height
