

BIG ON SIZE. EVEN BIGGER ON PERFORMANCE.

The Pierce® Quantum® is the truck of choice for departments that demand the absolute best and nothing less. You'll get the exact truck to meet your unique needs, loaded with the options that are vital to your success.

The bold style of the Quantum provides a low engine tunnel, creating a large open cab with greater visibility. Automatic stair steps provide a safer forward entry and exit from the cab. The Quantum performs like the world's most technically advanced fire apparatus. Because it is.

Visibility & Space

- A large, wrap-around, 4,100-square-inch windshield for unmatched visibility
- Upper windows above doors for better visibility & brighter interior light
- One of the largest cabs in the industry providing abundant interior space & improved comfort with a flat floor, low engine tunnel, more head clearance, & room for up to 10 firefighters

Ergonomics

- The ergonomically designed wrap-around dash puts you in complete command of any situation & keeps the controls at the fingertips of the operator
- Air-actuated steps fold out automatically to provide a large, low first step from the ground that makes cab entry or exit easier

Serviceability

- In-cab maintenance access for chassis fluids & power distribution makes servicing easier
- The cab tilts to 42 degrees, providing convenient engine & power train access

Maneuverability

- High angle of approach to handle obstacles with confidence
- Massive 13.38" 120 ksi steel frame rails for superior handling & reduced frame deflection
- 45-degree cramp angle for maximum maneuverability in those tight areas & challenging situations

Specifications

Engine	Cummins X12 or L9
Engine Horsepower	450 – 525 hp
Transmission	Allison 3000 EVS, 4000 EVS, or 4500 EVS
Alternator	270 – 430 amp
Front GAWR (maximum)	24,000 lb
