

No matter the mission – 911 Response or Interfacility Transport – the Wheeled Coach CitiMedic™ on the Mercedes-Benz Sprinter platform simply gets it done day-in and day-out. Powered by BlueTEC® SCR diesel technology, the Sprinter provides incredible fuel economy yet impressive power from one of the world's cleanest diesel engines. More miles to the gallon, as well as more miles between Sprinter Authorized Service, delivers a very appealing cost of ownership.

TYPE III SPRINTER

The Wheeled Coach all aluminum modular body - - the most tested and certified body on the market today - - provides over 30 cu. ft. of exterior storage, at the same time the patient compartment with or without a CPR seat allows for a variety of patient care options.

LED exterior warning lights and LED interior dome lights are standard, as is Wheeled Coach's Limited Lifetime Electrical System Warranty.
