

# SURPRISINGLY SPACIOUS AND WELL EQUIPPED. CRITICALLY RUGGED AND COMPACT.

Top Pierce features and space-saving design come standard on the new mission-critical Wildland FX3. The air ride cab comfortably fits 5 personnel. The stainless steel body integrates full-depth left side compartments, 6 standard fender compartments, lowered compartment doors for better ergonomics, and large undercab compartments. Departments can expect aluminum hose bed covers, integrated hatch compartments with top and rear access, flush-mounted hinged body doors, fully enclosed low height ladder storage, and dedicated dry storage areas for more extensive deployment.

Standards include a 70-gallon fuel tank, bumper extension with left/right/center hose trays featuring aluminum lids, 2 bumper outlets, a hydraulic auxiliary pump for true pump-and-roll, and a powerful Husky™ foam system with hose reel.

Beyond the ergonomic ladder storage, the Wildland FX3 deadlay is recess-mounted in the front pump module. Its rear discharges have a low connection point to keep firefighters on the ground, which prevents injuries from climbing on and off the truck to connect hoses.

## Specifications

Commercial Chassis	Freightliner M2-106, International HV
Cab	4 Door
Engine	Cummins L9, B6.7
Engine Horsepower	L9 to 350, B6.7 to 360
Transmission	Allison 3,000 EVS
Alternator	300 - 325 amp
Front GAWR	12,000 - 13,000 lb
Rear GAWR	23,000 lb
AWD	4x4
Tank Capacities	500 gallons/ lifetime warranty
Foam Capacities	Up to 20 gallons
Pump Range	500 gpm or 1,000 gpm, PTO-driven
Compartment Space	Up to 119 cu ft
Usable Compartment Depth	Left: 23.5"; Right: 11.5" upper, 23.5" lower
Compartment Load Rating	Up to 500 lb each
Body Length	101" standard
Body Width	98" standard
Body Material	304L stainless steel
Body Warranty	10-yr structural
